

BIOGRAPHY

UNITED STATES AIR FORCE

COLONEL DANIEL “KEVIN” FLOOD

Col (Dr.) Daniel “Kevin” Flood is the Chief of the Medical Staff for the 59th Medical Wing, JBSA-Lackland AFB, TX. It is the largest medical wing in the Air Force consisting of over 8000 personnel and six groups. The wing provides worldwide contingency healthcare support, clinical research, graduate medical education, technical training and comprehensive healthcare services to over 240,000 beneficiaries. As Chief of the Medical Staff, Col Flood provides oversight of medical staff activities to include privileging and credentials, developing and monitoring compliance with medical staff policies, quality assurance, risk management, patient safety, infection control, population health, and health care optimization. He is the wing’s Medical Corps senior advisor.

Col Flood graduated from college in 1984 and went on to serve three years as a Peace Corps Volunteer high school science teacher in Sierra Leone. In 1987, Col Flood entered medical school and was commissioned as a second lieutenant in the Air Force Reserve through the Health Services Professions Scholarship Program. Upon graduation in 1991, he began his active duty service in the Air Force Medical Corps.

Col Flood is dual board certified in internal medicine and nephrology and remains clinically active as a staff nephrologist at San Antonio Military Medical Center (SAMMC). He served six years as adjunct faculty for the 99 MDG Family Residency Program. He is currently an assistant professor for the Uniformed Services University of the Health Sciences School of Medicine at SAMMC and adjoint assistant professor for the department of nephrology at the University Texas Health Science Center at San Antonio School of Medicine. He has served as an element leader, flight commander, department chief and Chief of the Medical Staff. He has deployed four times in support of Operations ENDURING FREEDOM and IRAQI FREEDOM with 59 combat and 145 overall flying hours.
